

REED
PROPERTY &
CONSTRUCTION

building success

introduction

Reed Property & Construction is a leading supplier of skilled professionals in both construction and rail related markets, managing flexible recruitment programmes for some of the most recognised construction and maintenance projects.

our approach

Our consultants pride themselves on their ability to accurately match talent to opportunity, a skill born out of our commitment to excel in our chosen markets. It is with this skill coupled with our ambition to foster long-term relationships with clients, that drives the success of our partnerships.

our services

We are passionate about what we do, and we're keen to impress. So we will always go the extra mile for our clients. We will talk to you intelligently about your requirements, give you advice on current salary levels and market conditions, and look for solutions to the particular recruitment problems you might face.
